

# **Cape May County Open Space Program**

## **PROGRAM GUIDE - 2013**

### **Program Introduction:**

On November 9<sup>th</sup>, 1989, the voters of Cape May County approved, by a two to one margin, a ballot question endorsing the establishment of a trust fund to preserve open space and agricultural land. The trust is funded by a County property tax of one cent per \$100 assessed valuation (known as the Open Space Preservation Tax) and currently generates approximately \$5 million annually. Once the funds were in place, the County established the Division of Open Space and Farmland Preservation to administer the program, which focused on the outright purchase of open space parcels, and the purchase of development rights on active agricultural lands from willing sellers. From 1989 to 2011, the County was successful in purchasing 1,190 acres of open space (\$25,322,575 spent) and deed restricting 3,135 acres of farmland (\$32,492,236 spent). This has resulted in the permanent preservation of 4,325 acres through the utilization of nearly \$58 million of Trust Fund dollars.

In 1997, the State of New Jersey passed a number of laws which expanded the potential function of the Open Space and Farmland Preservation Trust Fund programs to include recreation and historic preservation. In 2012, the County met with municipal representatives and collectively came to the conclusion that it was in the best interest of the municipalities, their residents, and visitors to consider the expansion of the program. Therefore, a thorough review of the Open Space and Farmland Preservation Program was conducted, and new program documents were developed.

This Program Guide reflects the new goals, policies, and objectives of the Cape May County Open Space Board. The Farmland Preservation Program is operated under the guidelines provided by the State of New Jersey and the State Agriculture Development Committee. However, this level of guidance for the Open Space Program was not provided through the State or required by legislation; therefore each County's Open Space Program is different. The purpose of this document is to provide a well defined framework for the Open Space portion of the County's overall program.

The decision to expand the Open Space Program into the realms of recreation and historic preservation will help to enhance and protect our collective community assets, providing quality of life and economic stabilization benefits. It is hoped that with the aid of our municipal elected officials and the general public, that the new program direction will provide new opportunities for the public to enjoy our County's natural and cultural resources, for many years to come.

### **Application Deadlines:**

Applications for the Historic Preservation Program will be accepted one time per calendar year. In 2013, the date is as follows:

- Monday, December 16<sup>th</sup>, 2013 (*decisions will be made prior to April 15, 2014*)

**An application must be received by the Director of the Open Space and Farmland Preservation Program by 4:00 pm on those dates; failure to do so will automatically defer the project until the next funding cycle.**

All applications received during the application period will be reviewed for completeness. Once deemed complete, the applications will be pooled and reviewed as a group by the Open Space Board. Application review will commence at the first regular meeting of the Open Space Board following the application deadline. Applicants will be scheduled for presentations to the Board during the specific meeting where their application is being reviewed. Decisions on all applications in the pool will be made prior to the next application deadline.

### **Application Content:**

The application consists of two components: the Application Form and the Application Narrative. Applicants are encouraged to provide any documentation and/or associated material as specified by the appropriate application form, including but not limited to photos, schematic drawings, copies of permits, etc.

### **Application Form:**

Applicants are required to complete the Open Space Program Application Form in its entirety. Assistance for completion of the form is available from the County Planning Department, if needed.

### **Application Narrative:**

In addition to the Open Space Program Application Form, applicants are also required to provide an Application Narrative that provides details on the project. Application Narratives differ based on the type of project being proposed. The Application Form should be utilized as the cover sheets for the Application Narrative. The applicant will be asked to provide any necessary revisions.

## **SECTION 4: APPLICATION REVIEW AND EVALUATION**

---

### **Factors for Consideration:**

The Open Space Review Board has developed the following set of guidelines to be utilized when considering each application. No numerical value or ranking system is attributed to each of these individual factors.

#### **Factor Set #1: Land Features**

- Existing Land Use / Details of Site, including development restrictions, utility easements, conservation easements, etc.
- Surrounding Land Uses: Adjacency to Preserved Lands, Parks, or Natural Lands
- Site Setting: Aesthetic, Environmental and Historic/Cultural features
- Accessibility to projected users, community and regional perspectives to maximize broad spectrum of potential users
- Risk of Loss: development pressure / site decay / encroachment

#### **Factor Set #2: Community Needs & Planning**

- Level of municipal, community, and/or community organizations' support/commitment
- Quality and quantity of existing municipal open space, recreation, and historic resources
- Project provides diversification of open space, recreation, and/or historic resources for the region

- Consistency with local planning documents and initiatives
- Protection of parcels contributing to regional water quality and/or water supply

**Factor Set #3: Leveraging of Investment / Long Term Viability**

- Demonstration of how project leverages existing and planned investment in community and region
- Project matching investment by applicant and/ or municipality
- Use of project funds to maximize community benefit
- Project readiness and timeline for completion
- Past success of applicant with similar projects

**Application Review:**

When applications are received, they will be subject to an initial review for completeness. Applicants will be contacted if there are any deficiencies in their application, and will be asked to provide the necessary documentation. Once the application is deemed complete, it is eligible for placement in the pool of applications for review by the Open Space Board.

The Open Space Board meets monthly to review applications. Applicants are highly encouraged to attend the meeting where their project is being vetted in order to provide additional information and answer questions raised by Board Members. Visual aids, such as site schematics or plans are welcome, but are not required. The Board will hear comments from applicants and other interested parties during an open public section of the meeting. Project specifics amongst board members and their professionals are discussed during closed session. Additional information on the project may be requested as a result of the meeting.

Based on the review of the application, and the monies available in the Trust Fund, the Open Space Board can take the following actions:

- Recommend the approval of the project by the Board of Chosen Freeholders
- Decline the application and dismiss it from the review process
- Defer decision on the application, and place it in the pool for the next funding cycle

Applicants will be notified in writing after determination of the course of action selected by the Board. Please note that approval by the Open Space Board does not guarantee funding of the project; final decisions on applications are made by the Cape May County Board of Chosen Freeholders, and are dependent on the availability of monies in the Trust Fund.

## **SECTION 5: POST-DECISION PROCESS / APPROVED PROJECTS**

---

Prior to the formal commitment of County Open Space Funds by the Board of Chosen Freeholders, the County and the applicant will determine the parameters for funding and memorialize the same in the form of a lease/management agreement or other legal document deemed appropriate by County Counsel. - Guarantee and schedule for maintenance, monitoring, and inspections
- Development of minimum standards for site amenities
- Other issues deemed necessary by the nature of the project, or as required by County Counsel
